1988 *Engineering Education* Annual Index

Volume 78
Numbers 9–11

The page numbers in this index refer to the three issues of *Engineering Education* from October to December 1988. (To accommodate a new publishing schedule that began in January 1989, volume 78 was extended to the end of 1988.)

1–77 October
78–136 November
137–197 December

Note: The October issue contains "ASEE in Review," a summary of the Society's activities over the past year, from pages 27–50.

In this index, **boldface** type indicates subject headings; *italics* indicates authors; and titles of articles and departments appear in regular type. Page numbers are explained above.
